About

Isha Gramotsavam

Isha Gramotsavam is a celebration of village life that showcases the essence of rural India. The event also highlights the role of sports in rural life by featuring the final rounds of the mandal-wide inter village sports tournament. The festival is a part of Isha Outreach, a rural revitalization program under the aegis of Isha Foundation. This project in Anandapuram mandal of Visakhapatnam, funded by UNICEF and supported by the Government of Andhra Pradesh, is a comprehensive approach to improve health, livelihood and community revitalization. 106 villages are participating with 40+ women's throwball teams and 90 men's volleyball teams.
