Isha Agro Movement

Isha Agro Movement (IAM) was established in 2007 under the guidance of Shri. Nammalvar, the pioneer of organic farming movement in Tamil Nadu. Since 2015, Isha Agro Movement has focused on reviving natural farming methods that were traditionally followed in India up until four decades ago. IAM provides practical support to farmers in all aspects of natural farming including training in efficient organic farming methods, value addition, marketing and procurement. Till date, over 8000 farmers have been trained in Tamil Nadu in natural farming methods and several have converted to

natural farming leading to improved produce, enhanced market rates and significant health benefits.
